

KNOX WILL NOT VISIT COLOMBIA

Secretary of State Changes Plans of Caribbean Trip.

OFFICIALS FEEL NO CONCERN

Acting Secretary Wilson intimates Department is Not Wrought Up Over Incident—Archbishop Ireland Calls at White House and Gossip Follows Regarding High Church Dignitaries Trying to Effect Compromise.

Washington, Feb. 20.—Secretary Knox will not visit Colombia on his proposed tour of the countries bordering on the Caribbean sea unless there is a special invitation from the Colombian government.

This announcement was made by Acting Secretary Huntington Wilson, who also declared that he thought such an invitation unlikely.

Mr. Wilson intimated that the state department felt no especial concern over the action of the Colombian minister here and was not wrought up over the incident.

"Our position," he remarked, "is one of unconcern."

An interview between Archbishop Ireland and President Taft at the White House led to a report that high church officials in this country who sympathize with the efforts of the Colombian government to obtain arbitration were seeking to smooth out difficulties between the two countries.

Declines to Discuss Visit.

When he left the White House the archbishop declined to discuss the purpose of his visit, nor would he say how long he had talked with the president.

"I talked with the president," he said, "and we got through. That's all I can say."

The report that church influence might be at work to settle the present differences was based largely on the fact that Senator Osina, the Colombian minister, brought letters to both Cardinal Gibbons and Archbishop Ireland from Dr. Ragonese, the papal legate at Bogota, Colombia, which is the only country in this hemisphere where the church and state are unified. Senator Osina is known to have been in communication with Archbishop Ireland during his visit here, but would not divulge the nature of his conferences.

Another report current was that Secretary Knox had intended when stopping at Cartagena, Colombia, to suggest that a commission be appointed, composed of a representative of Colombia and one from the United States, to adjust all differences, and, in the event of a disagreement, the president of a South American republic be to decide.

Colombia Opposes Plan.

This proposition is known to be unworkable to the Colombian government, which insists on a different tribunal, preferably The Hague.

This report, however, was not confirmed at the state department.

Senator Pedro Nel Ospina, the Colombian minister, disclaimed in a public statement any intention of insulting either the United States government or Secretary Knox by his personal notification to the state department that a visit to his country by the secretary would be "inopportune."

The minister declares that his letter was "intended to be couched, and is couched, in polite and considerate language and was written to avoid any possible unpleasantness to Secretary Knox by a visit to Colombia."

Senator Osina reiterated that he thought the trip inopportune "because the citizens of Colombia are naturally aggrieved to find their country the only one, in the whole world, with which the United States refuses to enter into a treaty of arbitration."

Senator Osina's communication to the state department, admittedly his personal view, it was said by some diplomats, probably would be confirmed by the Colombian government.

A severance of diplomatic relations, therefore, is looked for as assured unless the United States indicates a willingness to submit differences to arbitration, which is practically Colombia's ultimatum.

He Didn't Want to Arbitrate.

"The reason I can't get along with my wife is that she wants to submit all our differences to arbitration."

"To arbitration?"

"Yes. She always wants to refer disputes to her mother."

SUGGESTS BOTH DROP OUT

Former Senator Chandler Refers to Taft and Roosevelt.

Concord, N. H., Feb. 20.—The suggestion that both President Taft and former President Roosevelt should decline to be candidates for re-election this year, in the interests of uniting the Republican party, is made by former United States Senator William E. Chandler in an open letter to the Republicans of New Hampshire.

Mr. Chandler expresses the opinion that the Republican party is divided between Taft and Roosevelt and as long as the split lasts is certain of defeat.

Mr. Chandler declares that, while he personally favors Senator La Follette he would surrender his preference for some one like Charles E. Hughes, Albert B. Cummins, Charles W. Fairbanks or Governor Hiram Johnson of California.

PROBLEM IS ONE FOR CONGRESS

Supreme Court Decision on Initiative and Referendum.

QUESTION PURELY POLITICAL

Chief Justice White Announces Unanimous Opinion of Court in Case From Oregon That Initiative and Referendum Method Is a Political One for Congress and Not a Judicial One for the Courts.

Washington, Feb. 20.—Only congress and not the supreme court of the United States may object to the initiative and referendum method of legislation in the states, so the court itself decided.

That tribunal held that the question of whether a state still maintained a republican form of government, guaranteed by the federal Constitution, after it adopted the initiative and referendum method, was a political problem for congress and not a judicial one for the courts.

The decision was based on the claims of the Pacific States Telephone and Telegraph company that a tax up on it, imposed by the initiative and referendum method in Oregon, was unconstitutional. The initiative and referendum provisions in Missouri, California, Arkansas, Colorado, South Dakota, Utah, Montana, Oklahoma, Maine and Arizona hung in the balance. An adverse decision would have affected proposed legislation of that character in many other states.

Chief Justice White announced the decision of the court. None of the justices dissented. The court also gave a similar decision in reference to an ordinance in Portland, Ore., for the construction of a bridge.

The chief justice said that "a singular misapprehension had existed on both sides of the case, but that the 'mists and confusion' were dispelled by the decision of Chief Justice Taney years ago, in which he disposed of the Dorr's rebellion question. That was the case of Luther vs. Borden, he said, and decided that the enforcement of the guaranty of a republican form of government to the states belonged to the political department of the government and came up, for instance, on the admission of senators and members of the house to their respective bodies. The chief justice called attention to Chief Justice Fuller's decision following Luther vs. Borden in the controversy over the Kentucky government in the case of Taylor vs. Beckham.

EXECUTION VOIDS INSURANCE

Supreme Court Rules Death by Law Invalidates Life Policy.

Washington, Feb. 20.—Death by the hand of the law voids all life insurance policies of the criminal. The supreme court so held in the fight of the children of James S. McCue, mayor of Charlottesville, Va., who was executed for the murder of his wife in 1905. A policy for \$15,000 was carried by McCue in the Northwestern Mutual Life Insurance company of Wisconsin.

The United States circuit court of appeals for the Fourth circuit held that the policy was made in Wisconsin and under the Wisconsin laws was not annulled by execution on the gallows. The supreme court held that the policy was not to go into effect until the payment of the premium, which was made in Virginia, and therefore that the policy was made in Virginia and was not governed by Wisconsin law.

DEMOCRACY NO EXPERIMENT

Woodrow Wilson Says Trial Days of Party Are Past.

Trenton, N. J., Feb. 20.—Governor Woodrow Wilson, speaking at a dinner here, said that the Democratic party in the past has not had the confidence of the people because it has been regarded as a party of experiment. There was now, however, a new era dawning.

The trouble with the Republican party, he said, was that it was a party that considered itself a sort of trustee to conduct the affairs of the country in the interest of big business, with the people getting incidental consideration.

The great bulk of the business men of the country, he said, were beginning to see this and were turning to the Democratic party for relief.

People of India. There are in India about 250,000,000 people who are supported by agriculture, 50,000,000 supported by industries, 8,000,000 supported by commerce, 3,000,000 supported by professions, and the balance are dependents.

Americans Seek Danish Loan.

Copenhagen, Feb. 20.—Several American syndicates have entered into competition for the proposed Danish loan of \$30,000,000. Among them are a number of life insurance companies, Leslie M. Shaw, former secretary of the treasury, and Ambrose Petry of Chicago.

TARIFF STATISTICS BUREAU

Purport of Bill of Massachusetts Democrat.

Washington, Feb. 20.—A bill that would create a bureau of tariff statistics as a substitute for the present tariff board was introduced by Representative Peters, Democrat, of Massachusetts, a member of the ways and means committee.

The appropriation for the tariff board will terminate June 30. The proposed bureau would be under the direction of the ways and means committee instead of the president.

TAFT WITHDRAWS ALL APPOINTMENTS

President Startles North Carolina Republican Leaders.

Washington, Feb. 20.—By withdrawing all pending federal appointments in North Carolina President Taft startled the senate and the Republican leaders of that state and cleared the way for a fight which will result in an untruncated delegation from North Carolina to the Republican national convention.

Republican progressives in the senate do not hesitate to charge that, in withdrawing these appointments, the president has resorted to a most unprecedented use of patronage to control Southern delegates to the national convention. They say that, by doing this, the president is simply hanging up all the North Carolina jobs as the prize for the faction which will deliver twenty-four votes in the national convention.

Even some of the president's friends in the senate declared that the executive had made a mistake in withdrawing all the appointments in one bunch and said that the president had made another serious political blunder.

ARE COUNTING ON COLONEL

Progressives Feel Certain He Will Enter Presidential Race.

Washington, Feb. 20.—Something of a flurry was to be observed among the progressive senators and representatives over information from New York that Colonel Theodore Roosevelt will within ten days make reply to the call addressed to him by the eight governors and that he will from that time forward be in the race against President Taft without any reservation.

As time has passed and no announcement has come from Oyster Bay the progressives have become restless. But their fears were dispelled by positive assurances that they could expect the announcement probably as early as next Monday, certainly within ten days, and after that the country will have no reason to doubt that Colonel Roosevelt is a candidate, or, as he would say, willing to accept.

SOCIALISTS FIRST IN FIELD

St. Paul Minister Heads Minnesota State Ticket.

Minneapolis, Feb. 20.—The Public Ownership party, as it is legally known, met in state convention, nominated a state ticket and adopted a platform. There were seventy-four accredited delegates in attendance. The Socialists are first in the field with a ticket. The candidates are:

Governor, Rev. David Morgan, St. Paul; lieutenant governor, D. M. Robertson, Duluth; secretary of state, J. E. Johnson, Duluth; state treasurer, J. E. Nash, Robbinsdale; attorney general, A. W. Uhl, Crosby; congressman at large, J. S. Ingalls, Minneapolis.

Hall Is Ainsworth's Successor.

Washington, Feb. 20.—Brigadier General William P. Hall automatically assumed the office of adjutant general on the retirement of Major General Ainsworth, in the opinion of the officers of that department. General Hall at present is in either Italy or Egypt engaged in missionary work. He is expected to return to Washington some time in April.

NEW YORK SEEKS VICE PRESIDENCY

Several Democratic Candidates For Second Place.

SHERMAN FOR RENOMINATION.

How Empire State May Swing Baltimore Convention—Senator Bourne Thinks Roosevelt Will Win—Schoolmasters Who Have Been President, Clark and Wilson College Heads.

By ARTHUR W. DUNN.

Washington, Feb. 20.—[Special.]—New York may not be doing much with presidential timber; but, according to Congressman Ayres of the Bronx district, the state has no fewer than eight men who would like to be named for vice president on the Democratic ticket. And if Taft is nominated Jim Sherman will be a candidate for a second term, according to his friends.

At the same time it proves far better than anything else the impotence of New York in national conventions. Ayres will not admit this, but asserts that in the coming national convention, when Harmon and Wilson are about even, with Clark a good third and Underwood, Marshall, Foss and perhaps others trailing, New York at the proper time with ninety votes will be able to determine who shall be nominated for president. Even so, it will not be a New York man, and, what is more, it will always be claimed that New York waited and tried to get on the band wagon.

The Number of Electors.

There is quite a lot of misinformation about the exact number of electors who will choose the next president and vice president of the United States. There will be 532 electors, making 267 necessary for a choice. This includes four in New Mexico and three in Arizona. In many computations both these states are counted as territories, and in others New Mexico is credited with only one member of the house when she has two.

Pacifying Southern Neighbors.

Elihu Root as secretary of state began touring our neighboring southern republics to assure them of our good will. Now Philander C. Knox is following the same course, but on a different route. At a dinner just before he left for his southern visit Secretary Knox was introduced by the toastmaster as "the family physician for South America, who administers paregoric to the dyspeptic stomachs of all the republics south of us."

Bourne's Prediction.

"If Teddy comes out with a statement there will be nothing to it. He will be nominated hand down." The remark was made by Senator Jonathan Bourne of Oregon, who four years ago supported Roosevelt and originated the "second elective term" theory. Bourne has been for La Follette, but he thinks Roosevelt the strongest man.

Without the Stars and Bars.

Residents of Washington of southern birth or ancestry have formed what is known as the Southern society and will hold their first annual banquet on Washington's birthday. The list of invitations includes prominent men from many of the southern states, who will represent Dixieland clubs and societies.

It has been announced that the stars and bars emblem of the old south will not be displayed, though it has heretofore been a feature of practically every gathering of this kind. It is significant to note that Ambassador Bryce has accepted an invitation and will respond to the toast "Washington." The singing of plantation songs and negro monologues will be prominent on the program.

Pedagogues For President.

The fact that two former school teachers, Woodrow Wilson and Champ Clark, are now candidates for president calls attention to the fact that several past presidents were school teachers. Andrew Jackson did some schoolteaching in a rough way, though his fame for illiteracy is well known. John Adams was a polished type of instructor. Abraham Lincoln tried the country schoolmaster experience while struggling for an education, and President Garfield was famous as a teacher and a college president. Grover Cleveland, Chester A. Arthur and William McKinley all had a turn at the teacher's desk, and Cleveland was a lecturing professor at Princeton after leaving the White House.

College Fraternity Men.

New York city members of the college fraternity Delta Tau Delta gave a banquet in honor of members of congress belonging to the society. It developed into a surprise party for a dozen or more of the statesmen who left the legislative atmosphere long enough to renew the associations of their youthful college days. Speaker Clark, Minority Leader Mann, Mr. Prouty, Mr. Pickett, Mr. Borland, Mr. Sloan and three or four others accepted the invitations. Not until they reached the banquet hall in New York did they realize that they were colleagues both in the Greek letter society and the house of representatives.

"I am going to give you a secret distress signal of our fraternity when you refuse me the floor hereafter," said Mr. Mann to the speaker, "and you'll have to yield."

And Champ promised Jim that he would.

FARLEY SCATTERS PRAISE

Cardinal Has Compliments for President, Governor and Others.

New York, Feb. 20.—Cardinal Farley, as central figure of an enthusiastic dinner of the Fordham university alumni at which graduates of Georgetown, Holy Cross, and other Catholic institutions were present, paid tribute to the president of the United States, to the governor of New York, to the mayor of the city and to the thousands of non-Catholics who had shown him and the church honor since his elevation to the cardinalate.

"How much there is to thank God for in this changed order. God grant that it may be perpetuated and this country may teach others in which our rights are trampled upon what a free church in a free country is entitled to."

PROTESTS AGAINST UNFAIR ATTACKS

House Progressive Makes Appeal for Clean Politics.

Washington, Feb. 20.—Representative Hayes of California, one of the Republican progressives of the house, made a protest in that body against what he termed unfair methods of political attack upon President Taft.

"I recognize, as I believe every fair minded man must," said he, "that never have we had a president more patriotic, more courageous, more honest in purpose than the present executive. Mud slinging, vituperation and personal politics are certainly to be condemned in every local election or campaign and if locally these things are disgusting and should be frowned upon by every lover of decency they are not to be commended when they strike to rise to the dignity of national politics."

"I find no words to express my contempt for the political method, pursued by some against the present occupant of the White House. They do not hesitate to use misrepresentation, exaggeration, even falsehood, to bring odium upon the head of the nation. Upon everything that he proposes they cast suspicion; they belittle and ridicule without any reference to the merits of the proposition or the suggestion that he makes. They apparently gladly expose their own insincerity and lack of consistency if they can but put the chief executive, as they express it, 'in a hole.'"

MILL CITY MARKET LEADS

Receives 97,721,000 Bushels of Wheat During 1911.

Minneapolis, Feb. 20.—Containing figures of greater importance to Minneapolis than any ever before presented by the Minneapolis chamber of commerce the report of the organization for the calendar year 1911 shows that in a year that was marked by the most severe crop losses for more than a decade, this following the year 1910, also one of small production, Minneapolis received 97,721,000 bushels of wheat, or within 2,000,000 of the record annual receipts, and increased its lead over other centers as a wheat market.

Minnesota, North Dakota and South Dakota produced, in 1911, a total of 232,000,000 bushels of wheat according to government figures. This fell in 1910 to 176,000,000 and last year it fell to 131,000,000.

ROBS PULLMAN PASSENGERS

Lone Bandit Goes Through Car on Baltimore and Ohio.

Baltimore, Feb. 20.—While the New York-St. Louis express, westbound, on the Baltimore and Ohio railroad, was ascending the seventeen-mile grade between Piedmont and Altamont, W. Va., in the Allegheny mountains, a masked man armed with two pistols jumped on one of the sleeping cars and robbed the passengers of money and valuables. He dropped off and escaped just before the train reached Altamont.

MORE CHARGES IN DYNAMITE CASE

KILLS FATHER AND BROTHER

North Dakotan Carries Out Threat Made Last January.

Drayton, N. D., Feb. 20.—Dr. B. Wallace, twenty-five years old, formerly of St. Paul, shot and killed his father, W. H. Wallace, and his brother, J. B. Strong, and then sent two bullets into his brain. The office of the First National bank of Drayton, of which the elder Wallace was president, was the scene of the murder and suicide.

By this murder and suicide young Wallace fulfilled threats which he had made against his father early in January last and for which he was arrested in St. Paul about Jan. 9, following which the father and son held a conference in St. Paul, resulting in the younger man's dismissal and a supposed settlement of difficulties.

The young man's charge that his father had failed to make good his alleged promise of a gift of \$25,000 if he, Rex, "made good" in the business world was responsible for the threats and for the tragedy.

TAFT'S RECORD IS APPROVED

President's Followers Gather at Banquet in Milwaukee.

Milwaukee, Feb. 20.—Unqualified approval was given President Taft's administration by a large representation of his followers from all parts of Wisconsin at a banquet, following a conference, at which delegates at large to the Republican national convention were nominated.

Attorney General George W. Wickersham was the guest of honor at the banquet and gave the principal address, taking for his subject "The Administration Anti-trust Record."

The resolutions, which were prepared by a committee appointed at the conference, were read at the conclusion of Mr. Wickersham's address, and adopted unanimously. The document recites approval of President Taft's record in the presidential chair and voices that he be renominated and elected.

LABOR IS AGAINST PITNEY

Iowa Leader Says He Is Foe to Human Rights.

Des Moines, Feb. 20.—A. L. Ulrich, president of the Iowa Federation of Labor, addressed Senators Cummins and Kenyon at Washington, protesting against the appointment by President Taft of Chancellor Mahlon Pitney of New Jersey to succeed the late Justice Harlan on the supreme bench.

In a statement President Ulrich said the appointment of Pitney would be inimical to the interests of the entire working class in the United States. He cited several recent judicial opinions as evidence of this statement.

Many important decisions in labor cases have been rendered by Judge Pitney and most of them have been regarded by labor organizations as hostile in spirit, if not in letter.

Johnson Out for Roosevelt.

New York, Feb. 20.—Hiram Johnson, governor of California, heretofore an ardent supporter of Senator La Follette, issued a formal statement here saying that in his opinion Theodore Roosevelt should be the next Republican nominee for president of the United States. The statement was issued, he said, with Mr. Roosevelt's knowledge, but not necessarily with his sanction.

Government Alleges Convention Committee Had Resolution.

POSSESSES ORIGINAL COPY

Federal Authorities Charge That at Iron Workers' Convention at Rochester, N. Y., in 1910 a Delegate Wrote a Resolution That "No More Bombs or Explosives Be Exploded While This Convention Is in Session."

Indianapolis, Feb. 20.—That the dynamiting plots were brought to the attention of a certain committee at the International Association of Bridge and Structural Iron Workers' convention in Rochester, N. Y., in 1910 came to light as one of the government's charges against the fifty-four indicted men.

It is charged by federal authorities that a resolution demanding that "no more bombs or explosives of any kind be exploded while this convention is in session" was written out in regular form by a delegate at the convention, was secretly referred to a committee and without the action on it becoming known was later found by the government among the papers taken from the iron workers' headquarters in Indianapolis. The government asserts it has the original resolution.

The charge is that a delegate at the convention, known to the government, demanded that the explosions temporarily be stopped at a time when many steel and iron works under erection by "open shop" contractors were being blown up and that in that way many officials, including Frank M. Ryan, president; Herbert S. Hockin, vice president, and members of the executive board, had the subject brought to their attention.

Real Motive Not Divulged.

What was the real motive of the delegate in offering the resolution was not divulged, but it is pointed out that J. J. McNamara, the convicted dynamiter, and Orrie E. McManigal, were on their way from Indianapolis to Rochester when, according to McManigal's confession, McNamara decided to leave off at Cleveland a suitcase containing twenty quarts of nitroglycerin. McManigal asserted McNamara had mapped out a series of explosions "which were to be presented to the convention."

Information from delegates who had arrived in advance at Rochester is held by the government as having induced McNamara to change his plans. In this connection McManigal's confession is quoted as stating McNamara said he wanted a lot of "open shop" jobs blown up at one time to make the delegates feel good. Just before meeting of the executive board McNamara also wanted many jobs pulled off so it would please the members and show them "business was good."

Advices were received by the government that at least half a dozen of the defendants are preparing to tell all they know. It was said that developments resulting from new information the government expects to receive might be expected before all the men are arraigned here on March 12.

GOVERNMENT LOSES DUTY

Fails to Collect \$110,000 From Mrs. Leeds on Pearls.

Washington, Feb. 20.—The government through a decision of the supreme court failed to get \$110,000 additional duty on the necklace of pearls owned by Mrs. William B. Leeds of New York and Newport.

When the pearls were imported in 1906 from Paris for Mrs. Leeds only a 10 per cent duty was paid on them, or about \$22,000. This was under a classification of the ornaments as "pearls in their natural state, not strung or set."

Practically ever since the government has been seeking to collect a 60 per cent duty, claiming the pearls were "set or strung."

PITNEY ON SUPREME BENCH

New Jersey Chancellor Succeeds Late Justice Harlan.

Washington, Feb. 20.—The nomination of Mahlon Pitney, chancellor of the state of New Jersey, to be an associate justice of the United States supreme court, was sent to the senate by President Taft.

The statement that Chancellor Pitney had been chosen as the successor of the late Justice John P. Harlan was made at the White House following a call by John W. Griggs, former attorney general of the United States, and a delegation of New Jersey lawyers, all of whom spoke of Judge Pitney in the highest terms.

PREFERS BABIES TO PIGS.
Iowa Will Offer Prizes at Next State
Fair.
Iowa has officially decided that the
production of babies is of greater im-

the best baby, whereas the pig, with
all the perfection he can display, may

DOVE OF PEACE PERCHED ON HIGH

Nothing Happened to Ruffle the Serenity of the Council's Session Last Night

GLASS CHARGES ARE DISMISSED

Hearing of Charges Against Alleged Delinquent Saloon Keepers Set For March 4 at 9 A. M.

Monday night's session of the city council was one of the most peaceful and harmonious gatherings that body has ever had and the dove of peace fluttered about the city fathers and winged its way through the cigar smoke or perched above the assemblage and never let out a peep of protest. All the aldermen were present except R. A. Henning.

Many saloon men were present as they expected the charges brought against certain alleged delinquent saloon men to be aired at the meeting. Nothing in the way of airing this matter occurred. Instead a motion carried that the men charged with saloon law violations be given a hearing on March 4 at 9 A. M. at the council chambers.

Alderman Purdy brought up the Glass matter and moved that he be paid his salary for January which had been held up by the council. After some parliamentary fencing the case was at last disposed of by dismissing all charges against the former city engineer to which all voted aye. Another motion, that Glass be paid his back salary upon turning over to the city its instruments and the profiles he made, was also carried.

N. W. Betzold addressed the council and said the water and light board had strung a wire near his house through the trees and that there was always trouble when the branches were swung by the wind and collided with the wire. He was told to address his complaint in writing to the water and light board.

Chief Ridley's request for two rubber mattress sheets at the city lockup was allowed and the matter was turned over to the purchasing committee.

A report made by F. A. Glass was accepted and placed on file.

The city clerk was ordered to bill on the water and light board for half the cost of the adding machine.

Regarding the assignment of interests made by the Toltz Engineering Co. to the National Heat, Light & Power Co. the city attorney said he would look up the matter of the necessity of having changed the bonds indemnifying the city against loss or damage.

Alderman Purdy reported regarding the stone crusher and Street Commissioner Barron told about the condition of the old machine. No action was taken about buying a new one.

A communication from K. M. Nicolas regarding a copy of blue prints and specifications for the proposed improvements on 4th street and Sixth street was read and the communication accepted and placed on file.

The following bids were submitted for the old fire house: F. C. Kerr \$100, Rudolph English \$115, John Gilmer \$131, F. Turcotte \$127. The bid of John Gilmer was accepted.

The street commissioner was instructed to have the alley in block four Miller's addition to Brainerd opened.

The matter of procuring a box for the sled at the fire hall was left in the hands of the fire and water committee in conjunction with the fire chief and to have bidders for this work submit plans and specifications for the box.

The water and light board was asked to replace the broken ornamental lamp post near the Y. M. C. A. building.

The street commissioner was instructed to place a sign near the dump on South Fifth street and to remove the dead calf, cats and dogs lying there.

A resolution was adopted fixing the polling places for the election to be held March 12 and the following were designated: First ward, 416 South Sixth street; second ward, Congdon's building, 617 Main street; third ward, hose house; fourth ward, hose house; fifth ward, 407 South Seventh street.

The special election is called for the purpose of voting on the issuance of \$35,000 bonds to build the Mississippi river bridge at the dam.

The water and light board was ordered to fill a hole and remove an electric light pole from the north side situated near Fifth and Bluff avenues.

DITCH CASES BEING HEARD

Judicial Ditches Nos. 1 and 2 of Aitkin and Cass Counties Have Final Hearing

BY JUDGE W. S. McCLENAHAN

Soo Line Objects to \$200 An Acre Tax as a Measure of the Benefits Derived by Drainage

There is being heard by Judge W. S. McClenahan, of the district court, at the court house the two ditch cases, Nos. 1 and 2 of Aitkin and Cass counties respectively which involve the final hearing in the matter and the assessing of the benefits against the various property owners in the territory affected by the ditches.

J. W. Sarff, of Palisades, an engineer of the Soo line, was on the stand this morning testifying for the railway company which objects to paying \$200 an acre as a benefit for having its roadbed drained by the building of the ditch. They acknowledge the incidental benefits inuring from the construction of the ditch, but claim they are not directly benefitted because they drained their own right-of-way when they built it without regard to what ditching might be done after the building of the railway.

The viewers present are G. H. Bergstrom and J. H. Letourneau of Remer, J. C. Scarlett, of Duluth, is connected with the Empire Land Co. and is looking after their interests. Others present are County Attorney Louis Hallum, of Aitkin county; J. A. Kirkwood, of Duluth; Attorney C. C. McCarthy, of Grand Rapids; G. P. Chapman, of Grand Rapids; Bert Appleton, Ken Johnson and A. E. Watson, of Aitkin and others. The cases bid fair to last another day.

VISITING NURSE DOING NOBLE WORK

Gratifying to Note Growing Interest Taken in the Work of the Nurse, Miss Edith Bohlke

HOW FUNDS HAVE BEEN RAISED

In Addition to Nursing, Miss Bohlke Has Also Taken up Relief Work in the City

It is gratifying to note the growing interest in the work of our visiting nurse. The problem of a few months ago seems to be solving itself. The idea of having trained nurses, who understand diseases and sanitation and who are employed by the people, for the people is of such recent origin, that few outside the cities are familiar with the work.

Although so lately established in Brainerd the work is beginning to assume something of a definite form. More people are becoming interested every day and the only question now seems to be a financial one. If the work is to be carried on it must be supported.

So far, most of the money given for this purpose has been tag day contributions and from the sale of Red Cross seals. This amounted to something over \$700 of which about \$500 has already been spent for nurses salary and incidentals. With what is left and the \$150 recently appropriated by the county commissioners, it is hoped to continue the work until another tag day again fills up the treasury.

It is often said, "there are no very poor in Brainerd. The shops furnish so much work, and distribute so much money that hard times here are almost impossible." This is only partly true, and is a sort of conscience pacifier for those who either have not the time or the inclination to investigate. Many men who work in the shops work on short time and some from sickness or other causes do not work at all. These must of necessity need help. People realize this in a general sort of way and during the holidays, when the spirit of giving is abroad, little donations are made to them and then they are forgotten. With the present very cold winter an unusual number have needed help.

There has never been any organized system of relief work here, but since Miss Bohlke came she has to some extent taken it up. Her work among the sick has brought her in contact with many who needed other things than medicine and nursing. They needed food, and fire and clothes. Without neglecting any of her patients she has given some time to this class of work and it will no doubt be a surprise to those not in touch with the work to learn that twenty-eight families have been helped in this way in the last few months.

Each county commissioner is allowed a certain amount for the poor of his district but that this amount is inadequate is evidenced by the many calls on Miss Bohlke for assistance. In only four of the twenty-eight cases mentioned has she solicited help from the county. The others have been supplied by contributions from private parties, from the Christian Endeavor, the churches, the Elks lodge and the Empress theatre. Special mention is made of the generosity of the theatre, which gave most of the proceeds of one evening to this cause.

There has also been large quantities of food and clothing given. Whenever Miss Bohlke has asked for help the response has been generous. The money given has been set aside as an emergency fund to be used in cases of extreme need and any contributions to this fund will be carefully used for that purpose.

COMMUNICATION

Editor Dispatch:—

Am very sorry that The Journal Press man thinks the county commissioners did him an injustice, or in any way discriminated against The Journal Press in the awarding of the county printing. But was there any discrimination or favoritism shown? Is it not possible that his grievance is purely an imaginary one? With your permission I would like to give your readers the facts and let them judge as to whether or not we have shown any favoritism, squandered any of the taxpayers' money, or in any way proven ourselves recreant to our trust as the "trustees of the county." The bids opened at our January meeting for the county printing for this year were as follows:

The Tribune: Commissioners proceedings, 10 cents per folio; financial statement 23 cents per folio; delinquent tax list 4 1/2 cents per description.

The Dispatch: Commissioners proceedings 10 cents per folio; financial statement, 23 cents per folio; delinquent tax list, 4 1/2 cents per description.

The Journal Press: Commissioners proceedings, 12 cents per folio; financial statement, 24 cents per folio; delinquent tax list, 4 cents per description.

These bids show that on the three most important items The Journal Press was lowest bidder on delinquent tax list and was awarded the contract on its bid of four cents per description. On the other two items, the Tribune and Dispatch were a tie. In the interests of justice and not wishing to show any favoritism as both the Tribune and Dispatch are old established papers with a large circulation and heavy taxpayers as well, we awarded the commissioners proceedings to the Tribune at its bid of 10 cents, and the financial statement to the Dispatch at its bid of 23 cents; both bids being lower than the Journal Press bid. Thus far I think your readers will agree with me that neither had The Journal Press been discriminated against nor had the taxpayers gotten any the worst of it, for all three were very reasonable. The Journal Press also submitted bids on some miscellaneous advertising, but as this bid is too long to write out in detail I will only take up the most important one, that of ballots:

Publishing sample ballots 50 cents per folio first insertion, 15 cents second, total 65 cents per folio. For primary ballots, \$8 per thousand; for general election ballots, \$12 per thousand; women ballots, \$7 per thousand.

The board considered these bids exorbitant and instructed our county auditor to readvertise for bids to be opened at our February meeting, with the result that the contract for publishing sample ballots was awarded to the Dispatch at its bid of 10 cents per folio or 55 cents per folio under the Journal Press bid.

On this item alone we saved the taxpayers approximately \$100. The contract for primary and general election ballots was awarded to McGill-Warner Company, St. Paul, at their bid of \$5.00 per thousand for both primary and general election ballots. This is \$3.00 per thousand less for primary ballots and \$7 per thousand less for general election ballots, than The Journal Press bid, or a saving to the taxpayers of \$30 on a six thousand ballots (approximately) needed for the two elections. They were also awarded the contract for the women ballots at their bid of \$2.50 per thousand, which is a reduction of \$4.50 per thousand under the Journal Press bid of \$7 per thousand for the same ballots.

These bids are all on file in our county auditors office and can easily be verified by any interested party and I fail to see where The Journal Press gets its idea from that we have

To Our Patrons,
Brainerd, Minn.,
Kind Friends:—

The question much asked these days by garment manufacturers and retailers is, "which will be the best sellers--coats or suits?" Some insist that suits will sell the best while others say, coats.

After giving this much attention I have arrived at this conclusion: there will be more coats sold than suits, but many more suits will be sold than have been for several seasons.

The one-piece dress will continue to be the popular dress with the average woman and so long as this is true she will want a long coat. However, many women who have their last year's long coat, will want a new garment and I am convinced that the popular priced suit will be the garment demanded by them.

Manufacturers have recognized this as a fact and have produced the best popular priced suits I have ever seen. For instance; suits to sell for \$15.00, \$17.50, \$19.00 and up to \$25.00. The garments we shall show will be mostly at these prices.

The long coats are very, very pretty and will find ready purchasers, I am certain. The influence of the large collar is not over, while large reverses will be a most prominent feature. Many of the light colored rough weave cloths are being put into the coats but the serge coat will be the biggest seller. The new cloth much used in both coats and suits is the whipcord. It is produced in most beautiful colorings and the garments are exceptionally pretty.

Little faith is shown in the fancy suit although many will be worn; but the strictly tailored suit will lead, without a doubt, in popularity. The skirts are much more attractive than they have been during the last season or so.

And you may rest assured that when we do announce our showing of new garments, you will find a selection which will be the best to be found in central Minnesota. We shall endeavor to have our opening early in March.

Most sincerely,

J. H. Michael

discriminated against it, or where we have squandered \$100 of the taxpayers money in not accepting its bid in its entirety.

I am not, nor do I pretend to be an expert on figures, but to me it looks as though we had saved the taxpayers at least \$150 on ballots and publishing alone by rejecting a part of the Journal Press bid and readvertising for new bids.

We, as a board, do not fear, but rather invite honest and legitimate criticism, and we freely concede that we have much to learn, but in criticizing please bear in mind that county commissioners are only human, and that with the best of intentions we may, sometimes, make a mistake—who does not? But, whether or not we have made a mistake in the awarding of the county printing, we are more than willing to leave it to the good judgment of an intelligent public.

In conclusion will say, I have known The Journal Press man pretty nearly ever since he came to our town and I have always found him a pleasant, sociable and agreeable gentleman to meet and converse with, and I can only explain away this unwarranted outburst on the theory that his liver must have been temporarily out of normal when he penned the article editorially, publicly charging us with having used favoritism at the expense of the taxpayers and indirectly making an even more serious charge.

Very respectfully,
C. A. KRECH.

At the Empress

Another excellent program will be offered at the Empress tonight. The feature picture entitled "Regeneration," is a story that holds out a beacon of hope to the hopeless and presents a psychological peculiarity of life, that all those who will can do better when the right influences enter our lives, which do sometimes in strange and devious ways. Words cannot express what this vitagraph life portrayal will show at the Empress theatre tonight and tomorrow night under the direction of the capable management, which has won the patronage and approval of the best people of this city.

The usual lengthy program consisting of two highly humorous comedies, an Indian drama and the songs by the Harmony Chorus will be given.

LAST TREASURER OF CONFEDERACY IS DEAD.

Micajah Henry Clark Was Confidential
Clerk to Jefferson Davis.

Micajah Henry Clark of Clarksville,
Tenn., who died recently, was the con-
fidential clerk of Jefferson Davis, pres-
ident of the Confederate States of
America, throughout the existence of
that government and the last treasurer
of the Confederacy.

Entering the Confederate service at
the outbreak of the war, Mr. Clark
was with President Davis until the
cabinet disbanded at Washington, Ga.,
after fleeing from the capital at Rich-
mond. Besides performing the ser-
vices of a confidential clerk to Mr. Da-
vis, Mr. Clark assumed the duties of
treasurer of the Confederacy. With
coffers empty of coin and a paper cur-
rency of little value, he endeavored to
furnish the money to finance the shat-
tered armies that endeavored to hold
the field against the Union forces.

Last summer the federal govern-
ment sent Galliard Hunt of the Congress-
ional library to see Mr. Clark at his home
in Tennessee and get from him all the
data which he had concerning the Con-
federacy. Mr. Clark turned over to Mr.
Hunt all the notes and information he
possessed except the last official signa-
ture affixed by Jefferson Davis. This
signature Mr. Clark gave to the Con-
federate museum at Richmond.

Mr. Clark was born in Richmond,
Sept. 4, 1830. In 1855 he moved to
Clarksville, Tenn., and engaged in the
exportation of tobacco to England,
France, Germany, Belgium and Hol-
land.

In 1861 he married Miss Elizabeth
Kerr of Lynchburg, Va. At the close
of the war he returned to Clarksville
and resumed his business.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach,
Coated Tongue or Constipated
Bowels by Morning

Turn the rascals out—the head-
ache, the biliousness, the indigestion,
the sick, sour stomach and foul gases
—turn them out tonight and keep
them out with Cascarets.
Millions of men and women take a
Cascaret now and then and never
know the misery caused by a lazy liv-
er, clogged bowels or an upset
stomach.

Don't put in another day of dis-
tress. Let Cascarets cleanse and re-
gulate your stomach; remove the
sour, undigested and fermenting food
and that misery-making gas; take
the excess bile from your liver and
carry out of the system all the de-
composed waste matter and poison in
the intestines and bowels. Then you
will feel great.

A Cascaret tonight will surely
straighten you out by morning. They
work while you sleep. A 10-cent
box from any drug store means a
clear head and cheerfulness for
months. Children love to take Cas-
carets because they taste good—never
gripe or sicken.

GET YOUR MONEY BACK.

If This Medicine Does Not Satisfac-
torily Benefit You.

Practising physicians making a spe-
cialty of stomach troubles are really
responsible for the formula from
which Rexall Dyspepsia Tablets are
made. We have simply profited by
the experience of experts.

Our experience with Rexall Dyspep-
sia Tablets leads us to believe them
to be an excellent remedy for the re-
lief of acute indigestion and chronic
dyspepsia. Their ingredients are sooth-
ing and healing to the inflamed mem-
branes of the stomach. They are rich
in pepsin, one of the greatest digestive
aids known to medicine. The relief
they afford is almost immediate.
Their use with persistency and regu-
larity for a short time helps to bring
about a cessation of the pains caused
by stomach disorders.

Rexall Dyspepsia Tablets aid to in-
sure healthy appetite, aid digestion,
and promote nutrition. As evidence
of our sincere faith in Rexall Dys-
pepsia Tablets, we ask you to try
them at our risk. If they do not
give you entire satisfaction, we will
return you the money you paid us
for them, without question or formal-
ity. They come in three sizes, prices
25 cents, 50 cents, and \$1.00. Re-
member, you can obtain them only
at our store—The Rexall Store.

STOCK COMPANY THAT IS UNIQUE

Its Forty-one Members Are All
of the Same Family.

IS A CLOSE CORPORATION.

Father, Mother, Nine Sons and Three
Daughters, Together With Husbands,
Wives and Children, Take Up Farm-
ing on a Large Scale.

Farm and Fireside prints a most in-
teresting account of a family in Ohio
which has formed a stock company
to take up farming on a large scale.
There are forty-one people in the fam-
ily. Following is an extract from the
article:

"The corporation is called the Kirby
family, incorporated, and is composed
of the father and mother, nine sons
and three daughters, together with the
husbands, wives and children of the
younger members of the company, all
aggregating forty-one stockholders.

"The father of this numerous fam-
ily, William Kirby, is president of the
Kirby family, incorporated, while his
wife, the mother of the twelve chil-
dren, assumes the duties of vice pres-
ident. On the board of directors are
the older sons and son-in-law, they
being selected by virtue of their
greater experience and wisdom in
farm management and business.

"The corporation is somewhat in the
nature of an experiment, even in Cali-
fornia, where many co-operative and
communist industries have been
launched in times past. An initial tract
of 100 acres of land under complete
irrigation and adapted to intensive
farming has been purchased, and there-
on the active stockholders of the com-
pany will find employment. The tract
and such adjoining tracts as may be
acquired later will be planted largely
to orange and olive trees, while pol-
lary culture and fine stock raising will
be made prominent adjuncts.

"The organization is a close corpora-
tion, only relatives being entitled to
hold stock, and each stockholder has
the privilege of employment from the
company, if he so desires, at a regular
wage or salary. Any profits which
may accrue will be realized in the
shape of dividends, paid at such pe-
riods as the board of directors may
deem expedient. The company has
ample capital, coming largely from the
estate of the elder Kirby, in which he
desires his children to share during
his lifetime. Farm operations of a
wholesale and extensive nature are
contemplated as soon as the company
can develop its plans. Modern sci-
entific methods will be applied not only
to the crop growing, but also to the
farm management and to the selling
end of the enterprise.

"In the way of reducing expense
and labor certain co-operative features
have been adopted, although each fam-
ily retains its individuality and the
right to expend the wages and divi-
dends of its members as it sees fit.
On an elevated portion of the tract al-
ready owned a large cluster of build-
ings will be erected. In the center of
a spacious court the dwelling of the
father and mother will be built, and
therein will be arranged a large kitch-
en and dining hall where meals for all
stockholders and workers will be served,
the food being provided by the
company. The wives and daughters
who help to prepare and serve the
meals will be regular wage earners.
Located around the court will be sepa-
rate bungalows for each of the fam-
ilies and one or more for the unmar-
ried stockholders. Shaded avenues
will lead from each bungalow to the
main building, and the whole grounds
will be beautified by landscape gar-
dening.

"This plan of forming a giant co-
partnership by the head of a large fam-
ily, instead of making unequal gifts to
the sons and daughters, is one which
may well be watched with interest.
Ever since the prodigal son wasted his
father's substance the problem of di-
viding the hard earned accumulation of
a lifetime so that it might be en-
joyed by the natural heirs and yet con-
served and safeguarded has perplexed
the husbandman. Possibly the family,
incorporated, and thus bound together
by ties of law as well as by ties of
blood, is the solution.

"Likewise the co-operation, the elimi-
nation of waste and misdirected ef-
fort, the loss sustained by buying and
selling in small quantities—might this
not amount to a sum sufficient to pay
a handsome annual profit?"

GIRLS DANCE AS MEN.

Students of Radcliffe College Celebrate
Passing of Midyear Examinations.
More than 150 Radcliffe college girls
danced to celebrate the passing of mid-
year examinations, and seventy-five
of them wore bits of men's clothing.
Some appeared in pretty white skirts
and dress coats and a few wore trou-
sers.

Each "man" wore a neat little badge
on which was printed "I am a man,"
and most of the "men" took their
"girls" to the dance in taxicabs. No
real men were present.

Where the Minister Was Wrong.
"The minister prayed at my bed-
side," said the gentle old lady. "He
thanked the Lord for giving me so
much patience to bear my afflictions,
but I told him I didn't have a spark
of patience. What I did have were
friends and kindly visitors and flow-
ers and fruit and tender messages
sent in every day to tell me that folks
cared about me still. It wasn't my
patience that carried me through; it
was the goodness of other people."—

K. C.'S INITIATE A CLASS OF 51

Knights of Columbus Initiatory Cer-
emonies Attract Many Visitors to
Brainerd on Sunday

EXERCISES AT GARDNER HALL

Grand Banquet in the Evening at K.
C. Hall is Presided Over by
Mayor H. P. Dunn

Grand Council 1491, Knights of
Columbus, initiated a class of fifty-
one candidates on Sunday, February
18th. Promptly at 7:45 A. M. the
members and candidates formed in
line at Knights of Columbus hall,
Iron Exchange building, and marched to
St. Francis Catholic church where
they attended mass in a body. The
spectacle of so many men marching
through the street of the city to at-
tend religious services was most im-
pressive.

At 9:30 A. M. the Knights and can-
didates assembled at Gardner's hall
where the officers of the Brainerd
Council exemplified the first degree of
the order.

At noon an adjournment was taken
until 2:30 in the afternoon, at which
time large numbers of Knights ar-
rived from Minneapolis, St. Paul, St.
Cloud, Little Falls, Staples and Wa-
dena. The work of initiation of the
followers of Columbus will live long
in the memories of those who partici-
pated.

The following are the names of
those candidates initiated:

Brainerd: Roland E. Barron,
Hugh Branson, Rev. John Crean,
Moses DeRoche, Omer Ernster, Chas.
J. Falkenreck, Leo J. Fraser, Anton
Funk, Joseph Kiebler, Guilford G.
Mantor, Joseph R. Molohan, E. L.
Murphy, James M. O'Connor, Henry
F. Peters, C. A. Russell, Stanley J.
Scott, J. E. Stage, George J. Vogel,
Arthur Joseph Witham, J. H. With-
am, Tim Brady.

Staples: John Adamneitz, Bruno B.
Baer, J. C. Charboneau, Roy C. Curley,
Wm. Robert Ellis, James Walter My-
ler, Leroy G. Nemers, E. T. Remil-
lard, Joseph J. Smeltz.

Frazee: George Baer, John E.
Shannon.

Crosby: James Cosgrove, John
Doran.

Wadena: William A. Ebner, Har-
ry A. Merickel, Albert N. Mueller.

Pine River: M. J. Gillespie.

Detroit: George J. Haas, S. R.
St. Pierre.

St. Mathias: Gregory R. Koering,
Emil Hellen.

Ironton: Joseph C. Herbst.

Glencoe: R. F. Kolling.

Aldrich: Fred D. Lynch.

Deerwood: Wm. Maley, Rev. Father
Joseph L. Quillien, Thomas Keat-
ing.

Aitkin: Thomas N. Shirley, Thos.
Edward Wheeler.

Sauk Center: John Beck.

Following the initiatory work the
officers and members proceeded in a
body to Knights of Columbus hall
where an elaborate banquet was
served by the ladies of St. Francis
Catholic church. Graham's orches-
tra played throughout the banquet,
and the splendid entertainment af-
forded by them brought round after
round of applause.

Following the banquet the Council
went into secret session and for four
hours enjoyed a program of literary
and oratorical ability, such as has
never before been heard in the city
of Brainerd. District Deputy J. J.
Nolan, of Brainerd, was the first
speaker on the program and his re-
marks elicited prolonged applause.
District Deputy Neil M. Cronin, of
Minneapolis, lived up to his reputa-
tion as an able lawyer and eloquent
speaker, and after reviewing the
work of the order took occasion to
give his impressions of the city of
Brainerd.

"We from Minneapolis," said Mr.
Cronin, "have learned a number of
things today. Our impression was
that Brainerd was a small city of
from three to five thousand people.
We find that Brainerd is a rapidly
growing city of about 10,000 peo-
ple; that it possesses a street light-
ing system similar to that of the
Twin Cities, and a Commercial club
second to none in the state of Minne-
sota. We were pleased beyond mea-
sure to find that the head of your city
administration was a Brother Knight,
and we are informed that he is earn-
ing the commendation of all good
citizens by his clean and able admin-
istration of your city government.
In a word we have had our eyes open-
ed to the fact that residents of the
Twin Cities can visit your city of
Brainerd and profit by their visit."

Thos. Burke, of Bemidji, delivered
an eloquent address and extended the
thanks of Bemidji Council to the
Brainerd Council for the loyal sup-
port and assistance they had re-
ceived, and the audience were disap-
pointed because Mr. Burke was com-
pelled to cut his remarks short on
account of his train leaving at 10
o'clock. Jas. Mahony and Michael
Kelly, of Minneapolis, responded to
toasts in an able and eloquent man-
ner. Rev. J. J. O'Mahoney, of Brainerd,
and Rev. John M. Smiers, of Ait-
kin, delivered able and eloquent ad-
dresses. Among the candidates who
responded to toasts were Rev. John
Crean, Joseph Kiebler, H. A. Merick-
el, of Wadena, Timothy H. Brady,
Rev. Jos. L. Quillien, of Deerwood,
and C. A. Russell of Brainerd. The
program of the evening was conclu-
ded by an address by W. W. Barron

Grand Knight of Brainerd Council,
Toastmaster H. P. Dunn presided in
an able and eloquent manner, and
justified his reputation as an able
after-dinner speaker.

Brainerd Council of the Knights of
Columbus will meet at their hall
Tuesday evening, February 20th. At
this time all the newly initiated can-
didates will be present; the regular
meetings are on the first and third
Tuesdays, and the local Council is
now assured of steady and prosper-
ous growth and it is certain to be-
come a powerful factor in the social
and fraternal work of the city.

CHINAMAN A JOURNALIST.

Has a Degree From the University of
Missouri That Says So.

Hin Wong, who is said to be the first
Chinese to receive a degree in journal-
ism, has finished his work at the Uni-
versity of Missouri and will go to Chi-
na shortly. Wong says he will do his
part in the formation of a new repub-
lic, although he will not accept a gov-
ernmental position which has already
been offered him. He expects to help
the unfortunate classes among his peo-
ple by giving publicity to their condi-
tion.
Wong has been engaged as corre-
spondent by a New York newspaper
and will write articles for Chinese pa-
pers. He will devote all of his time to
acquainting his own people with the
actual conditions among the poor of
China and their reasons for discontent.

"It is a field of work that has never
been attempted in China," said Wong.
"It was my main reason for coming to
America to study journalism."

Economical.

A gentleman called at a house in the
north of Scotland recently where there
was a family of six sons in addition to
the father and mother. Noticing that
there were only two chairs in the kitch-
en, presumably for the use of the par-
ents, the visitor asked if the furniture
was being saved till the family grew
up.

"Na, na," replied the mother; "we're
jist keepin' the chairs out o' sight, sae
that the laddies winna wear down their
breeks over sune."—London Express.

Deafness Cannot be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eusta-
chian Tube. When this tube is in-
flamed you have a running ear or im-
perfect hearing, and when it is entirely
closed, Deafness is the result, and un-
less the inflammation can be taken out
and this tube restored to its normal con-
dition, hearing will be destroyed for-
ever. Nine cases out of ten are caused
by Catarrh, which is nothing but an in-
flamed condition of the mucous sur-
face.

We will give One Hundred Dollars for
any case of Deafness (caused by catar-
rh) that cannot be cured by Hall's
Catarrh Cure. Send for circulars free.
